Dear Mr. Close:

Thank you for contacting me regarding S. 1415, the National Tobacco Policy and Youth Smoking Reduction Act.

In June of this year, the Senate debated comprehensive legislation to provide greater regulation of tobacco product marketing and distribution. The purpose of the legislation is to deter youths from smoking tobacco products and to defray some of the tobacco-related health care costs States incur in their Medicaid programs. Unfortunately, the bill was referred back to the Committee on Commerce, Science, and Transportation when the Senate tabled a Budget Act point of order against the bill.

It is my hope that the Senate will bring up tobacco legislation again, before the end of this session. I do appreciate hearing your concerns. If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

Daniel Patrick Moynihan
